Profiles: [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

OBJECTIVE: Position name.

SUMMARY: Very passionate about programming, with an extensive knowledge of front-end techniques and an eye for visual design. I love structure, order and working efficiently with details to optimize performance. Shining in my element is being innovative, collaborating with creative, talented and inspiring team and or individual as well. My professional experience as a chef in the culinary industry for over a decade, has built my work ethics in aiming to deliver at the highest quality possible, with an open mind that welcome feedbacks.
